**CENTRAL SUPPLIER
DATABASE
FOR GOVERNMENT**

NOTICE TO ALL SUPPLIERS FOR THE AREA OF THE WEST COAST DISTRICT

As from 1st of April 2016 all suppliers who intends doing business with the government, **National and Provincial**, must be registered on the CSD (Central Supplier Database). The benefit for the private sector will be a reduction of red tape and administrative effort when doing business with government.

Compliance requirements will be easy to meet for suppliers that are in good standing on the various compliance requirements. The CSD will have interfaces to South African Revenue Service (SARS) to enable tax clearance status verification of suppliers throughout the Procure-to-Pay process and the Companies and Intellectual Property Commission (CIPC) for vetting of business registration and business ownership.

This uniform Supply Chain Management system for government is essential to optimise the efficiency of service delivery. It will also eliminate duplication of compliance requirements and reduce duplication of effort and cost for both business and government.

NB! As from 1st July 2016 all suppliers who intends doing business with municipalities, must also comply and be registered on this CSD.

New suppliers will have the option to make use of the self-registration portal of the CSD and suppliers who are currently registered on **TradeWorld** (see below) will be automatically transferred to the Central Supplier Database by 31 March 2016.

However, current legislation still demands that municipalities verify information such as the municipal accounts, vehicle registration and acceptability certificates (caterers) of suppliers. This is not included in the system because it does not apply to the National and Provincial regulations. Therefore, unless these requirements are retracted, suppliers will still be vetted by municipalities in addition to the Central Supplier Database.

IN THE INTERIM: PLEASE ENSURE THAT YOU ARE REGISTERED ON THE WESTERN CAPE SUPPLIER DATABASE (TRADEWORLD) AND THAT YOUR STATUS IS ACTIVE!
